RubyConf India 2025

JAIPUR

12th - 13th September, 2025

A Community-Driven Ruby Conference, Indian Edition

RubyConf India is a global event that stands alongside other RubyConf gatherings around the world. Our **two-day, residential, single-track conference** remains dedicated to deep dives into the Ruby language, frameworks, and tools.

This year, we're adding an exciting twist: **The Language Roast**. In this unique segment, advocates of different programming languages will humorously defend and roast each other's ecosystems in a light-hearted, high-energy format. It's a celebration of the tech community's passion and camaraderie.

With all attendees and speakers staying at the same venue, **RubyConf India** continues to offer an unmatched opportunity for meaningful conversations, networking, and stronger engagement between sponsors and participants.

The Language Roast

Roast, Defend, Repeat

A one-of-a-kind event where programming languages go head-to-head — not in benchmarks, but in brutal, hilarious roasts.

Inspired by Comedy Central-style roasts, this battle pits language loyalists against each other in a war of wit and wisdom. One minute to attack, one minute to defend. No language is safe.

Whether you're a Java junkie, a Go gopher, or a JavaScript jester, this is your stage to defend your favorite stack and destroy the rest — all in good fun.

Why Attend?

Learn real-world pros and cons of popular languages

Discover quirks, hacks, and horror stories

Watch developers roast each other with code jokes and brutal honesty

Who Wins?

The Camp with the sharpest burns and the fiercest comebacks.

It’s part stand-up. Part tech debate.

All unforgettable.
